

SAVE THE DATES!

Mother's Day 2016

Date: Monday, May 2

Over 30 years ago one of our supporters suggested that we do a special "Mother's Day Card" to honor the important women in our lives. We have been offering unique Mother's Day Cards ever since!

The idea of establishing a national Mother's Day was inspired by women working to improve the lives of women. Mother's Day, like the job of "mothering," is celebrated with many diverse traditions. This day honors the multiple ways that women are a source of strength for their families, and communities throughout the world.

To highlight the importance of learning women's stories, this Mother's Day we are using our note cards which includes our logo, the inscription that **Our History is Our Strength**, and the word women written in several languages. Women's History

celebrates the female experience and pays tribute to the countless women who have made our lives better.
